# Greetings

## From the Berks County Medical Society

The Berks County Medical Society is pleased to present the 2016-2017 Edition of the **Berks County Directory of Physicians**. The **Directory** was first published in 1966 as a service to our members, and has been enhanced throughout the years to include additional reference data for extended care facilities, local legislators, pharmacies and health organizations. We welcome your suggestions pertaining to how we might make the **Directory** an even more relevant and helpful desk reference.

The **Berks County Medical Society** has served the medical community and citizens of Berks County since 1824. Our membership, over 500 members, includes a large number of practicing and retired Berks County Physicians. This **Directory** is but one of the many benefits of membership. Our mission is to uphold the ethics and dignity of the medical profession; to maintain the highest standards of healthcare; to promote and disseminate medical education to members and the public; and to promote collegial relationships among our members.

We are the local portal to organized medicine, with ties to the Pennsylvania Medical Society. To effectively address the concerns of Berks County physicians and of our community, we need your active participation. If you are not a member of our Society, please give strong consideration to joining.

Sincerely yours,

Andrew R. Waxler, MD  
2016 President  
Berks County Medical Society

# MISSION & VISION STATEMENT

## **Mission Statement**

*"Promote and protect the art and science of the practice of medicine for physicians of Berks County, that they may provide the highest quality of compassionate, patient centered care."*

## **Vision Statement**

The Berks County Medical Society will be the leading advocate for a healthier Berks County by providing a forum for physicians, hospitals, and patients to engage in dialogue in order to:

- Assure that the highest quality and state of the art care is delivered efficiently to our community by harboring a healthy environment with preventive medicine and wellness.
- Educate and provide vision for young physicians entering our profession and bridge gaps across generations of physicians, while acting as a resource for physician communication and retention in our community.
- Act as a as a genesis for political action and education and provide a respectful medium for political views and discussion.
- Protect the practice and the art of medicine by being the best county medical society with active participation and involvement from its membership.
- Celebrate and promote this collegial community of physicians who will actively pursue this vision.

**EYE CONSULTANTS OF PENNSYLVANIA** is the leading ophthalmology practice in the region. And with good reason. Providing the best possible patient care begins with our board-certified professionals, clinical excellence and evidenced based practice. In fact, when it comes to specialized eye care, our ophthalmologists and surgeons are some of the best that you'll find anywhere. But more than that, our entire practice is committed to cooperative management of your patient. It means that we communicate and consult 360°. We share information, and we provide direct cell numbers to our partner physicians. It means that we listen carefully to patients and their physicians and provide a wealth of patient and physician education materials. And ultimately, it means better outcomes for your patients.

# Physician Referral Service

A one-stop-shop for physician referrals.

## 610-378-2001

**By simply contacting our Physician Referral Service, you and your patients have a useful resource at your fingertips - the Penn State Health St. Joseph Physician Referral Service.**

The Physician Referral Service is offered as a resource for individuals, hospital or physician office staff, and other clinicians to help in selecting a member of the Penn State Health St. Joseph (PSHSJ) medical staff that best fits an individual's health needs.

Patty Kelly, the Physician Referral Specialist at PSHSJ, helps provide direct access for reaching out to other PSHSJ specialists and practitioners, external providers and more.

All services are provided with the help of just one phone call or email.

And, the Physician Referral Specialist is there for external providers, as well! In addition to the services for you, PSHSJ also serves as a resource to outside providers referring in to the Penn State Hershey system.

- Access PSHSJ physicians, services, and programs.
- Updated PSHSJ departmental information, including staffing.
- Available Monday to Friday 8:30 AM - 4:00 PM.

*Call Patty Kelly: **610-378-2001** or toll free at **844-363-0882***
